

Save the date and hold tight! SENIA-Beijing Conference just arrived...

Dear SENIA friends, it is an honor for us, the **SENIA-Beijing chapter**, to be in this edition. We are coming back to normal. Our community finally had a conference **like old days**. However, it takes time to readjust our lives into it.

Behind the scenes, our excitement led us to forget how busy everybody was. Trips, CPDs, unexpected health issues and so on. Where, when, to host our conference seemed “a cup of tea” comparing to all the ideas flooded during our board meetings **to include everyone from Beijing, China and around the world.**
