

### Conference Highlights

We had an amazing weekend of learning and inspiration during the **SENIA Unplugged Virtual Conference**.

If you registered, remember you still have five more months to enjoy some amazing workshops and presentations!

Some highlights include presentations about implementing MTSS on a budget and the “whys” behind behavior, the SENIA Youth Panel, and Keynote speeches from Jamie Shields and Tricia Friedman.

### Read All About it!

Occupational therapy (OT) can play a vital role in any school setting. In recent years, we have also found that virtual OT is as effective as in-person services. Many people struggle to visualize how virtual OT works, so we have asked Sarah Wollheim, an occupational therapist who provides online OT, to share how this approach makes services accessible to any child anywhere in the world.
