### Hidden disabilities

While some of us experience a disability that is visible, many of us have a condition that is not immediately apparent. These non-visible disabilities are as diverse as people's access needs. It's the largest minority group in the world that any of us can join at any time.

**1 IN 7**  
of us live with a disability that's approximately  
**1.3 BILLION PEOPLE**

Some people experience a combination of both visible and non-visible conditions

**80%**  
of disabilities are non-visible

**?** Invisible disabilities can be permanent temporary situational

**80%**  
of disabilities are acquired between the ages of 16 and 64
